I WON! Now What Do I Do?

We display winning images on our web site (www.baltimorecameraclub.com) as soon as possible following the competition.

Your image placed in a PRINT competition:

Please provide a digital copy of your print by the Sunday following the competition. Size your digital copy: longest side 800 pixels maximum. Send it to: jvoeglein@gmail.com (Jim Voeglein) with a cc: to kayeflamm@gmail.com (Kaye Flamm). Jim will collect and upload the digital copies to the website. Kaye is Jim's back-up.

If cannot provide a digital copy, please let Jim and Kaye know. Your image will be re-photographed and a digital copy created for display on the website. You can save a great deal of work and ensure that your image is viewed as intended by providing a digital copy!

We recommend that you leave your print in the care of the club for the Year-end competition

Your image placed in a DIGITAL competition:

You do not need to do anything! Digital competition images are already in an appropriate format for display on the web site.

What do we do with winning images?

All images that place 1st through 5th and Honorable Mention are eligible for the Year--end competition. Winning prints are kept safely in storage at the church and winning digital images are archived until the Year-end competition. If you prefer to take your winning print(s) home, they should be returned at the last monthly competition for the Year-end competition.
